

## Driver's instructions

### **ON ENTERING:**

Before entering the terminal, the unit shall be labeled with IMO (dangerous goods) if there is such required and be placed on the units all four sides.

*The bumpers shall also be unfolded.*

When ID CLDN has provided you with the unit's parking place and passage card.

1. Swipe your passage card in the card reader and drive through when the bar rises.
2. Follow the passage to the parking place according to the driving instruction.

### **ON LEAVING:**

1. After dropping off/picking up the unit, drive towards the gate.
2. Swipe your passage card in the card reader and drive through when the bar rises.

*Attention! At any deviation it is important that you notify ID CLDN for example if you had to put your unit on a different parking place then the one provided or if you cancelled your pick-up. Stop by ID CLDN and notify this.*

### **DAMAGE REPORT:**

If the unit is damage you have to fill in a damage report and get it stamped at ID CLDN before exiting the terminal.

### **TERMINAL AND TRAFFIC REGULATIONS:**

- Drivers who are permitted to enter the area will be held responsible that no unauthorized people are inside the vehicle at the time of the stay.
- All inside the terminal must have valid identification papers and carry a reflective vest.
- The speed within the terminal is restricted to 30km/h and all external traffic must use the designated routes to their parking places. Those with permission may deviate from the routes but must have rotating beacon lights or escort.
